The Dr. Éva Kahán Foundation is pleased to present an exhibition by artist Andrea Éva Győri (1985, Budapest) at Kahán Art Space Vienna.

The artworks of Andrea Éva Győri are visual mindmaps of deeply personal experiences in psychology, family dynamics, and self-analysis based on intimate and careful observation of sociological relationships. Győri examines the physical and psychological needs out of which arise the fantasies, phobias and cultural norms which permit or forbid certain patterns of behaviour. She studied Fine Arts at the Staatliche Akademie der Bildenden Künste, Stuttgart, under Christian Jankowski and lives and works in Rotterdam.

Drawing on themes of feminine sexuality, the artist's show at Parallel – her first solo exhibition in Austria – will focus on the intersection of the physical location of the Semmelweis Frauen-klinik – a former women's clinic focussing on gynecology, obstetrics and psychosomatic disorders – and the aspects of psycho-analysis and eroticism found in the artist's own work.
